SUMMARY

A motivated Computer Applications graduate with a strong foundation in frontend development using React.js and Next.js, along with growing hands-on experience in backend technologies such as Node.js and Express.js. Skilled in building responsive, user-friendly web applications with clean and maintainable code. Passionate about modern web technologies, continuous learning, and growing as a full-stack developer in a professional, collaborative environment.

EXPERIENCE

Passenger Service Executive
CELEBI ASIPL   **October 2022 – July 2024,   IGI Airport New Delhi**

· Passenger assistance: Helping passengers with check-in, luggage, and boarding passes .
· Safety and security: Following safety and security measures, and addressing safety and security breaches .
· Customer service: Answering passenger questions, handling complaints, and providing a pleasant travel experience.

PROJECT

PORTFOLIO_NEXT
portfolio-nextjs-prky.vercel.app/

· A modern, high-performance developer portfolio built with Next.js to showcase projects, skills, and professional experience. Designed with a clean UI, smooth animations, and responsive layouts for an optimal user experience across all devices.

TWITCH_CLONE
ws-finale-project-twitch-clone.vercel.app/

· A feature-rich Twitch clone built with Next.js that enables users to go live **exclusively using OBS** and interact with viewers through real-time chat. Integrated with **LiveKit** for low-latency streaming, **Supabase** for authentication and real-time data handling, **Prisma** for efficient, type-safe database management, and **Razorpay** for secure donation and payment processing.

AIR_INDIA_CLONE
air-india.vercel.app/

· A modern Air India clone built with React that delivers a seamless flight search and booking experience. Integrated with **Supabase** for secure backend data management, **Razorpay** for smooth and reliable payment processing, and **Material UI** for a clean, responsive, and user-friendly interface.
